

Bhanu High School Classroom Furniture Drive

Dear Friends:

On the eve of this year's holiday season, BNA would like to wish you and your family a wonderful holiday. We would also like to thank all of you for your generous contributions to Bhanu High School building construction project. Following the completion of new building, Bhanu High School has begun to offer classes in this new building. This new building has not only provided more class space for students but also enabled the school to offer classes for 11th and 12th grades students. Through your support, Bhanu High School has crossed a major milestone in its half a century long educational services to Bandipure community. This kind of accomplishment reminds us that our unyielding support can make a large impact in our communities. The neighborhood of Bandipur and Bhanu High School deeply appreciates all the contributors for their donations.

While the Bhanu High School is committed to offer quality education to its communities around Bandipur, the school will further need our support. Despite the completion of the new building, Bhanu High School needs more help from its donors and well-wishers to add furniture in the new class rooms. Currently, there is not enough class room furniture to accommodate all the students. BNA is trying to help the school purchase the class room furniture worth approximately Rs. 72,000, approximately \$1,000.

On behalf of Bhanu High School, we welcome you to make any contributions toward this class room furniture drive. This is a great opportunity for those who could not contribute in building constructions and would like to be a part of this noble effort.

If you are interested in making any contributions to the school furniture drive, please visit us at www.bandipure.org or you can send the check payable to **Bandipures in North America** at following address:
